Description

mix in powder for the realization of chocolate soufflé with tender core.

Denomination

semifinished pastry product.

Directions for use

BASIC RECIPE (dosage for 24 moulds)

CHOCO SOUFFLE' 1.000g

whole eggs 700g

dark chocolate 450g

It is advisable to use Reno chocolate 64% or Reno 72%.

INSTRUCTIONS: melt the chocolate in bain-marie or in micro-waves oven. Knead in planetary mixer with paddle or by hand with whisk CHOCO SOUFFLE' and eggs, add the melted chocolate and stir reaching a homogeneous mixture.

Deposit the obtained mixture in aluminium single portion moulds which have been previously greased (85-90g each mould). Let rest in the refrigerator for 15-20 minutes and bake for 7-9 minutes at 230-240°C in traditional ovens and at 200-220°C in thermo-ventilated ones. Remove from moulds, dust with BIANCANEVE PLUS and serve still lukewarm.

For a longer preservation it is possible to freeze the product already baked and warm it subsequently in micro-waves oven at 500W for 20-25 seconds.

NOTICE: to obtain a softer internal consistency replace 100 g of eggs with 100 g of water.
