Final composition

Cut the chilled craqueline into discs with a diameter slightly larger than the leavened brioche's.

Bake at 165-170°C for 12-13 minutes.

Once cooled, cut under the craqueline's dome.

Spread over the center of the brioche a thin layer of raspberry filling (leave 1cm from the brioche's edges).

Whip the pistachio namelaka in a planetary mixer with a whisk for 3-4 minutes, then, using a sac a poche, spread a ring of namelaka over the brioche's edges, then continue filling the brioche with a 3cm high layer of namelaka.

Place the brioche's dome on the top. Decorate.
