#### **FINAL COMPOSITION**

Roll the dough to 4mm and cut some 3-4cm diameter discs out.

Let the discs rest in the fridge for a few minutes.

Brush them with beaten eggs and sprinkle with unrefined cane sugar.

Lay a perforate silicone mat onto the tray and place the biscuits on it (this will help your biscuits preserve their shape during the baking).

Bake at 180-190°C for about 10-15 minutes.

Let cool down, then spread a thin layer of raspberry filling onto the bottom side of the biscuits and gently pair them together.
